

# TABLES

Multi-Purpose Table Solutions

# CHANGE IS CONSTANT. LISTENING IS RARE.

**Tables — designed around you.** Trends come and go. But one thing never goes out of style: listening to what customers actually need. Our tables are a great example. Whether for school or commercial office environments, they accommodate technology, and can be effortlessly reconfigured to the needs of even the most challenging floor plans. Choose from a variety of options, including adjustable height, or flip-top to make storage simple. Best of all, they take a beating and look great doing it — for years to come.

Discover what is simply the best furniture-purchasing experience in the industry — one focused entirely on you and your needs. For you, there's no better way.

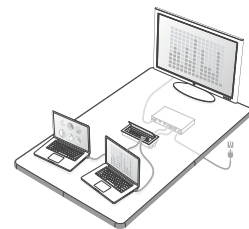

## Motion Tables

Serving every need from the breakroom to the training room to the classroom or conference room, Motion Tables define “multi-purpose.”

## Influence Tables

Whether for a meeting or a simple change of pace, there's a growing need for standing desks and adjustable-height workspaces. Influence Tables deliver.

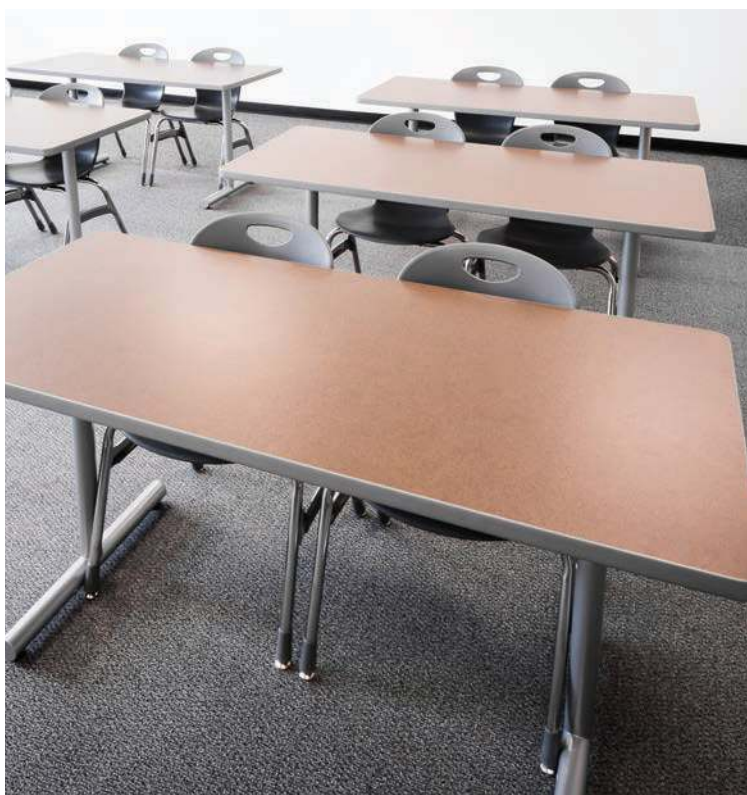

## DropShare Media Center

Looking to utilize integrated technology for file sharing and multimedia project development? We've got your workstation. DropShare puts the “we” in small-group collaboration.

# MOTION MULTI-PURPOSE TABLES

**Always a moving experience.** It's amazing what a simple change of pace can do for students or employees. Motion Tables give you the flexibility to create different room layouts, effortlessly. With our rectangular table as your starting point, you can go from classic classroom, to small groups, to U-shaped group discussion. Your layouts are free to adapt from day to day, and the flexibility will last for years as our tables are backed by a lifetime warranty.

## FLIP-TOP OPTION

**Tables you'll flip for.** By their very nature, classrooms, training rooms, breakrooms, and multi-purpose rooms are constantly changing. Enter our Motion flip-top tables. They accommodate rooms with diverse functions and group sizes, or situations where tables are shared between rooms and need to easily pass through doorways. Equipped with a durable quick-release handle, the flip-top worksurface rotates and locks vertically for space-saving nesting.

Select from arch (far right)  
or T-leg (below).

Or choose from a  
half-round design

Tables easily nest to create  
an open area — great for  
multi-purpose rooms.

Flip-top tables up to 72" wide  
feature a quick-release handle  
— easy for one person to flip.

## ADJUSTABLE-HEIGHT OPTION

**A new level of simplicity.** In need of an altitude adjustment? With a simple pin-clip system, users can adjust the table height without a single tool. It's perfect for spaces that need to accommodate different age groups. Simply lock in the desired height and you're in business.

# UNIQUE SHAPES

**Unique shapes for unique needs.** From small-team collaborations to large-group discussions, Interior Concepts supports the way people work and learn. It's the reason we've developed a variety of table shapes that serve individual needs, or can be reconfigured to accommodate larger groups. Add a whiteboard worksurface to the mix and people can jot down their brilliance.

## Collaboration Tables

Overall 33" x 41" (all sides 24")

Overall 36" x 52" (sides: 24" and 30")

## Arc Tables

20" D x 34" W

## ROUND AND SQUARE TABLES

**Beautifully basic.** Our round and square Motion tables are simple. That's what makes them perfect for dining areas, occasional meeting spaces, and other social settings. Available in standing or work-height (and with plenty of task or guest seating options), these tables are just right for taking a break or catching up on a project. Standing-height tables come with arch or T-leg bases, while working-height tables are available with casters, glides, arch, and T-legs.

# CONFERENCE TABLES

**Convene with class.** Meeting areas should complement your organization's culture. Design the perfect meeting space for your conference, huddle, or planning rooms with Interior Concepts. Choose from a variety of bases, colors, and shapes to make your table complement or accent the look of your organization. It's all up to you.

Half-rounds with rectangular multi-purpose tables create a flexible meeting solution.

# MOTION COMPUTER TABLES

**Plug-n-play.** It's hard to be productive if you're not connected. Computer tables with the Connect2 power solution by Interior Concepts meet your needs head on with an economical power solution that's easy to specify, install, and reconfigure. Tables with modesty panels adapt to changing needs by managing power and data cables with an under-worksurface cable trough, which discreetly channels cords from table to table.

- Computer tables are available from 24"–96" wide in 6" increments
- Connect up to six tables per power plug
- Does not require hardwiring to building power
- Comes standard with a 15 or 20 AMP plug

## Connect2 Kit includes:

- One 6' 15 or 20 AMP power plug per table row\*
- Leg wire management
- Modesty panel with power kit and wire management
- One 18" jumper to connect tables (not shown)
- LinkLatch ganging mechanism (not shown)

\*A UL hardwire option is available.

# INFLUENCE TABLES

**Stand up for change.** Tired of pulling up a chair to do your work? Try standing. It improves circulation, promotes creativity, and has been known to make tasks easier to accomplish. Influence tables readily convert from sit-to-stand with either a crank or a counterbalance mechanism. These fast and simple ergonomic adjustments make it easy to stand and work, or meet with others.

## Influence Standing Desk: Crank Adjustment

Crank height adjustable tables provide a height-adjustable work area with no power requirements. Handle stores neatly by retracting under the worksurface. Available in straight desk (2-leg) or corner desk (3-leg) configurations.

- Dimensions: 24"–36" D x 48"–72" W
- Height adjustment with glides: 27.5"–45"
- Height adjustment with casters: 29.5"–47"
- Lift capacity: approximately 200 lbs.
- Casters optional

With a strong lift capacity, crank adjustable tables work well for desk applications where users may have dual monitors, monitor arms, work materials, lighting, and other work-related items on the worksurface.

## Influence Standing Desk: Crank Adjustment for Corner Design

Say farewell to your static environment. This crank adjustable height desk provides the perfect solution for people who desire furniture that adapts quickly and enhances flexibility to deftly tackle projects.

- Dimensions: 48"x 48" D to 72"x 60" D with either 24" or 36" returns
- Height adjustment with glides: 27.5"–45"
- Lift capacity: approximately 225 lbs.
- Right- or left-hand returns

3-Leg L-Shape

3-Leg Radius Corner

### Influence Table: Counterbalance Adjustment

The pneumatic counterbalance adjustment on this Influence table just might be the easiest height-adjustable option available without the need for power. Simply pull the trigger handle to adjust.

- Dimensions: 24"–36" D x 48"–72" W
- Height adjustment with glides: 27.5"–47"
- Height adjustment with casters: 29.5"–49"
- Lift capacity: approximately 40 lbs.
- Casters optional

Counterbalance offers less lift capacity, but quick height adjustment, making them perfect for meeting, classroom, or laptop applications.

## Influence X-Base

From instructor podiums to social spaces, our Influence X-Base tables are the perfect fit. Height-adjustable with a fast and simple pneumatic mechanism, users opt how to use the table: seated for a serious work session, or standing while leading a presentation or gathering. These tables are ideal for small-team breakouts, podiums in classrooms, breakrooms, or adjacent to cubicles. No matter the function, Influence tables give you choices.

- Round, Square, or Eclipse worksurface shapes
- Dimensions: 30"–48" D
- Height adjustment with glides: 27.5"–45"
- Height adjustment with casters: 29.5"–47"
- Lift capacity: approximately 40 lbs.
- Casters optional

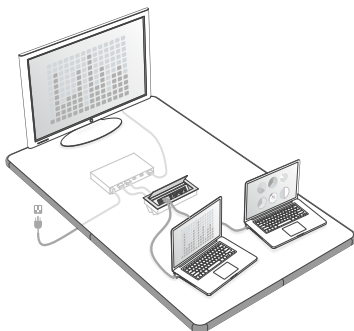

## DROPSHARE MEDIA CENTER

Collaboration and technology are constant in both today's workplaces and schools. Use this media-sharing center to bring together different skill sets on projects and enhance small group learning. Team members can share multiple devices on one screen and students can embrace long-distance learning. With a small footprint and the integrated technology connectivity, these centers are critical tools for having people work together with today's laptops and tablets.

- 2, 4, or 6-user option
- Seated or standing height
- VGA or HDMI connections
- Monitor or screen not included
- Multitude of different workstation designs

# SPECIFICATIONS

- Worksurfaces are 1.25" thick and finished with a high-pressure wear-resistant laminate writing surface with a balancing laminate backer sheet on the underside of the worksurface.
- Laminate worksurface tops have 1" radius corners with edges in colors that coordinate with the leg finishes.
- Strong metal-to-metal connections from leg to worksurface with threaded inserts and improved locking technology ensure durability.
- A broad palette of laminates in solid colors, patterns, and wood grains makes it easy to maintain a consistent and coordinated look throughout your organization.
- Perforated metal modesty panel provides stylish coverage. Mesh modesty panels are also available.
- The unique quick-release LinkLatch ganging mechanism utilizes a sliding quick-release pin bracket system for easy-to-use, tool-free connections and a tight table-to-table fit.

## Limited Lifetime Warranty

Tables are backed by a limited lifetime warranty; electric has a five-year warranty; counterbalance and crank mechanisms have a one-year warranty. Visit [interiorconcepts.com](http://interiorconcepts.com) for additional warranty information.
